8) Web Analysis Services

8.1 Google (Universal) Analytics

This website uses Google (Universal) Analytics, a web analytics service provided by Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland ("Google"). Google (Universal) Analytics uses "cookies", which are text files placed on your computer, to help the website analyze how users use the site. The information generated by the cookie about your use of this website (including the abbreviated IP address) is usually transferred to a Google server and stored there and may also be transferred to the servers of Google LLC. in the USA.

This website uses Google (Universal) Analytics exclusively with the extension

"_anonymizelp()", which ensures anonymization of the IP address by shortening it and excludes the possibility of direct personal reference. Through the extension, your IP address will be shortened by Google within member states of the European Union or in other signatory states of the Agreement on the European Economic Area before. Only in exceptional cases will the full IP address be transferred to a server of Google LLC. in the USA and shortened there. On our behalf, Google will use this information to evaluate your use of the website, to compile reports on the website activities and to provide us with further services related to the use of the website and the Internet. The IP address transmitted by your browser within the framework of Google (Universal) Analytics is not combined with other Google data.

Via a special function called "Demographics", Google Analytics also enables the compilation of statistics with statements about the age, gender and interests of site visitors based on an evaluation of interest-related advertising and with the use of third-party information. This allows the definition and differentiation of user groups of the website for the purpose of target-group-optimized marketing measures. However, data sets collected via "Demographics" cannot be assigned to a specific person. Details on the processing operations initiated and on Google's handling of data collected from websites can be found here:

<https://policies.google.com/technologies/partner-sites?hl=en>

All the processing described above, in particular the setting of Google Analytics cookies for reading information on the terminal device used, is only carried out if you have given us your express consent in accordance with Art. 6 Para. 1 letter a GDPR. Without this consent, the use of Google Analytics during your visit to our website will not take place. You can withdraw your consent at any time with effect for the future. To exercise your right of withdrawal of consent, please deactivate this service in the "Cookie-Consent-Tool" provided on the website. We have concluded a data processing agreement with Google for the use of Google Analytics, which obliges Google to protect the data of our site visitors and not to pass it on to third parties.

For the transmission of data from the EU to the USA, Google relies on so-called standard data protection clauses of the European Commission, which are intended to ensure compliance with the European data protection level in the USA.

Further information about Google (Universal) Analytics can be found here:

<https://policies.google.com/privacy?hl=en&gl=en>

8.2 Google Analytics 4

This website uses Google Analytics 4, a service provided by Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland ("Google"), which can be used to analyze the use of websites.

When using Google Analytics 4, so-called "cookies" are used as standard. Cookies are text files that are stored on your terminal device and enable an analysis of your use of a website. The information collected by cookies about your use of the website (including the IP address transmitted by your terminal device, shortened by the last digits, see below) is usually transmitted to a Google server and stored and processed there. This may also result in the transmission of information to the servers of Google LLC, a company based in the USA, where the information is further processed.

When using Google Analytics 4, the IP address transmitted by your terminal device when you use the website is always collected and processed by default and automatically only in an anonymized manner, so that a direct personal reference of the collected information is excluded. This automatic anonymization is carried out by shortening the IP address transmitted by your terminal device by Google within member states of the European Union (EU) or other contracting states of the Agreement on the European Economic Area (EEA) by the last digits.

On our behalf, Google uses this and other information to evaluate your use of the website, to compile reports (reports) on your website activities or your usage behavior and to provide us with other services related to your website usage and internet usage. In this context, the IP address transmitted and shortened by your terminal device within the scope of Google Analytics 4 will not be merged with other data from Google. The data collected in the context of the use of Google Analytics 4 will be retained for 2 months and then deleted.

Google Analytics 4 also enables the creation of statistics with statements about age, gender and interests of website users on the basis of an evaluation of interest-based advertising and with the involvement of third-party information via a special function, the so-called "demographic characteristics". This makes it possible to determine and distinguish between groups of website users for the purpose of targeting marketing measures. However, data collected via the "demographic characteristics" cannot be assigned to a specific person and thus not to you personally. This data collected via the "demographic characteristics" function is retained for two months and then deleted. All processing described above, in particular the setting of Google Analytics cookies for the storage and reading of information on the terminal device used by you for the use of the website, will only take place if you have given us your express consent for this in accordance with Art. 6 (1) lit. a GDPR. Without your consent, Google Analytics 4 will not be used during your use of the website. You can revoke your consent once given at any time with effect for the future. To exercise your revocation, please deactivate this service via the "Cookie Consent Tool" provided on the website.

We have concluded a so-called data processing agreement with Google for our use of Google Analytics 4, by which Google is obliged to protect the data of our website users and not to pass it on to third parties.

To ensure compliance with the European level of data protection, even in the event of any transfer of data from the EU or EEA to the USA and possible further processing there, Google refers to the so-called standard contractual clauses of the European Commission, which we have contractually agreed with Google.

Further legal information on Google Analytics 4, including a copy of the aforementioned standard contractual clauses, can be found at the following link:

<https://policies.google.com/privacy?hl=en>

Details on the processing triggered by Google Analytics 4 and Google's handling of data from websites can be found here: <https://policies.google.com/technologies/partner-sites>

9) Site Functionalities

Use of YouTube Videos

This website uses the YouTube embedding function for display and playback of videos offered by the provider YouTube, which belongs to Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 ESW5, Ireland ("Google").

To this end, the extended data protection mode is used to ensure, according to provider information, that user information will only be stored once the playback function of the video is started. When the playback of embedded YouTube videos is started, the provider sets "YouTube" cookies to collect information about user behavior. According to indications from YouTube, the use of those cookies is intended, among other things, to record video statistics, to improve user-friendliness and to avoid improper actions. If you are logged in to Google, your information will be directly associated with your account when you click on a video. If you do not wish to be associated with your profile on YouTube, you must log out before activating the button. Google saves your data (even for users who are not logged in) as usage profiles and evaluates them. You have the right to object to the creation of these user profiles, whereby you must contact YouTube to exercise this right. When using YouTube, personal data may also be transmitted to the servers of Google LLC. in the USA.

Regardless of whether the embedded video is played back, a connection to the Google network "double click" is established when visiting this website. This may trigger further data processing beyond our control.

All processing described above, in particular the setting of cookies for the reading of information on the end device used, will only be carried out if you have given us your express consent to do so in accordance with Art. 6 (1) point a GDPR. Without this consent, Youtube-Videos will not be used during your visit to the website.

You can revoke your consent at any time with effect for the future. If you wish to exercise your right of revocation, please deactivate this service in the "Cookie Consent Tool" provided on the website.

Further information on YouTube's privacy policy can be found at:
www.google.com/policies/privacy/.

10) Tools and Miscellaneous

This website uses a so-called "cookie consent tool" to obtain effective user consent for cookies and cookie-based applications that require consent. The "cookie consent tool" is displayed to users in the form of an interactive user interface when they access the page, on which consent for certain cookies and/or cookie-based applications can be given by ticking the appropriate box. Using the tool, all cookies/services requiring consent are only loaded if the respective user provides the corresponding consent by ticking the corresponding box. This ensures that such cookies are only set on the respective end device of the user if consent has been granted.

The tool sets technically necessary cookies to save your cookie preferences. Personal user data is generally not processed.

If, in individual cases, personal data (such as the IP address) is processed for the purpose of storing, assigning or logging cookie settings, this is done in accordance with Art. 6 (1) point GDPR based on our legitimate interest in legally compliant, user-specific and user-friendly consent management for cookies and thus in a legally compliant

design of our website.

Further legal basis for the processing is Art. 6 (1) point c GDPR. As the responsible party, we are subject to the legal obligation to make the use of technically unnecessary cookies dependent on the respective user consent.

Further information on the operator and the setting options of the cookie consent tool can be found directly in the corresponding user interface on our website.
